

Center for Medicare and Medicaid Innovation (CMS Innovation Center) – Model Participants Methodology

This dataset contains various data points related to participants in CMS Innovation Center models, demonstrations, programs, and initiatives. This data is formatted for mapping. The data can include initiative name, organization name, geographic location including street address, city, and state, website URL, social media URLs, Metropolitan Statistical Area, and categories related to health care quality, cost, payment, and delivery. When the CMS Innovation Center updates an entry on a model web page, a corresponding entry is added to this dataset. These updated data points are displayed on the CMS Innovation Center's website for public consumption, primarily on the Where Innovation is Happening web page.
